

Reproductive & Perinatal Biology Seminar
Sponsored by
The D. H. Barron Reproductive & Perinatal Biology Research Program
and the Perinatal Outcome Research Center (RPBO Seminar Series)
Fall 2015 Wednesday 4:00-5:00 PM
D.H. Barron Conference Room Medical Sciences Building M-304

- September 16: **Hideko Kasahara, MD, PhD**
Familial congenital heart disease: - Beyond genetic effects?
Associate Professor of Physiology & Functional Genomics, College of Medicine, University of Florida
- September 23: **Karen Racicot, PhD**
Viral infection during pregnancy: Potential role in adverse pregnancy outcomes and maternal health
Assistant Professor of Obstetrics, Gynecology and Reproductive Biology, College of Human Medicine, Michigan State University, Grand Rapids
- September 30: **Jim Resnick, PhD**
Allele identity and chromosome 15 neurogenetic disorders
Professor of Molecular Genetics & Microbiology, College of Medicine, University of Florida
- October 7: **Nancy Denslow, PhD**
Transcriptomic and proteomic responses of fathead minnow brain to estrogens and androgens
Professor of Physiological Sciences, College of Veterinary Medicine and of Biochemistry & Molecular Biology, College of Medicine, University of Florida
- October 14: **Marty Cohn, PhD**
Development of the external genitalia
Professor of Molecular Genetics and Microbiology, College of Medicine, University of Florida
- October 21: **José Santos, DVM, PhD**
The role of anovulation and progesterone during the pre-ovulatory follicle development on fertility in dairy cattle
Professor of Animal Sciences, University of Florida
- October 28: **Veronica Negron-Perez, MS**
Role for CC cytokines in differentiation of the inner cell mass of the bovine embryo
PhD Student, Department of Animal Sciences, University of Florida
- November 4: **Warnick Lecturer: Peter Sutovsky, PhD**
Spermatozoa – The Good, The Bad, and The Ugly: Lessons from sperm phenotypes of livestock animals and their translation to human male infertility
Professor of Animal Science and of Obstetrics, Gynecology & Women's Health, University of Missouri-Columbia
- November 11: NO MEETING: VETERANS DAY
- November 18: **Klibs Galvão, DVM, MPVM, PhD, DACT**
Bovine uterine microbiota in health and disease
Assistant Professor of Large Animal Clinical Sciences, College of Veterinary Medicine, University of Florida
- December 2: **Jim Segars, MD**
(Title TBA)
Head of Reproductive Endocrinology and Infertility, Eunice Kennedy Shriver National Institute of Child Health and Human Development, Bethesda, MD
- December 9: **Mellissa Mann, PhD**
Impact of assisted reproductive technologies on genomic imprinting
Associate Professor of Magee-Womens Research Institute and Obstetrics, Gynecology and Reproductive Sciences, University of Pittsburgh
